

Free Photography Classes

Memphis Camera Club Past President Tom Furlotte, will teach a series of classes on the basics of photography. These classes are free and open to both members of the MCC and non-members alike. There is a wealth of information available for the taking while attending

”Carl and Tom’s Class for Enthusiastic Photographers”.

Classes will be held in the Longinotti Auditorium of St. Francis Hospital (near Park and Ridgeway) on the fourth Thursday of each month. Classes will start promptly at 6:59 pm.

Subjects will be taught with their application to both film and digital photography.

Topics for the series are subject to change, but the tentative schedule is:

January	Introduction: Digital Camera Set Up
February	Exposure and Metering
March	Camera Controls: The Shutter
April	Camera Controls: The Aperture
May	Flash
June	Image capture and processing
July	Lenses- focal length and perspective Depth of field / Hyperfocal Distance
August	Composition
September	Filters and accessories
October	Labs/ Color as seen and photographed

Classes will NOT be held in November and December. Enjoy the holidays and take plenty of pictures using your new skills.
